Objective

Highly motivated Front-End Developer with a strong foundation in HTML, CSS, and JavaScript, along with hands-on experience in modern frameworks like React.js. Adept at translating UI/UX designs into responsive, user-friendly interfaces. Passionate about clean code, performance optimization, and continuous learning. Looking to contribute to dynamic development teams and deliver impactful digital experiences.

Work Experience

Front-End Developer Intern

Darabni Company – Syria

Jan 2023 – Jun 2023

- Developed responsive web interfaces using HTML, CSS, and JavaScript.
- Collaborated with UI/UX designers to implement user-friendly features.
- Participated in weekly Agile meetings and contributed to sprint planning.
- Enhanced website performance and ensured cross-browser compatibility.

Front-End Developer Intern

VICA Company – Syria

Jul 2023 – Dec 2023

- Built interactive web pages using modern JavaScript frameworks.
- Improved front-end code quality by applying best practices and clean code standards.
- Worked closely with the development team to integrate APIs and backend services.
- Gained experience in version control using Git.

UI/UX Designer Intern (Ongoing)

VICA Company – Syria

Jan 2024 – Present

- Designing intuitive and visually appealing user interfaces for web applications.
- Conducting user research and usability testing to refine design decisions.
- Creating wireframes, mockups, and prototypes using Figma.
- Collaborating with developers to ensure accurate implementation of designs.

Education

Bachelor's Degree in Informatics Engineering – Software Engineering

University of Homs, Syria

Fourth-Year Student (Expected Graduation: 2026)

Specializing in software engineering with a strong focus on web development and user interface design.

Engaged in academic projects related to front-end technologies and UI/UX principles.

Skills

Technical Skills

- HTML5, CSS3, JavaScript (ES6+)
- React.js (basic knowledge)
- Responsive Web Design
- Version Control: Git & GitHub
- UI/UX Design Tools: Figma
- Cross-browser Compatibility
- Basic knowledge of API integration

Soft Skills

- Teamwork and Collaboration
- Problem-solving and Critical Thinking
- Time Management and Organization
- Attention to Detail

- Communication Skills

Languages

Arabic — Native

English — Intermediate (B1)

Projects

University Project: Material Exchange Platform for Architectural Design

- Currently developing a web-based platform to facilitate the exchange of essential materials in architectural design.
- Implementing responsive front-end features using HTML, CSS, and JavaScript.
- Collaborating with team members to design user-friendly interfaces and improve user experience.

Certifications & Courses

- React.js Course — Jonas Academy (Currently attending)
